Plant Variety	Narrative	Spec.
Shrub		
CALLISTEMON CITRINUS SPLENDENS	Red bottlebrush flowers in spring and autumn. Dark green foliage. Prune below finished flowers to keep compact growth. Attracts birds.	Evergreen Ht. 2m
deciduous		
ALOYSIA CITRIODORA	(LEMON SCENTED VERBENA) A medium sized shrub with very fragrant lemon scented leaves. Spray of lilac flowers. Wonderful addition to pot pouri or can be used as herbal tea. Protect from heavy frost.	Deciduous Ht 2m
BAMBUSA GRACILIS	Syn. Drepanostachyum falcatum. Dense clumping bamboo. Graceful curving stems. Ideal for poolsides, patios, feature gardens. Once established hardy to most conditions.	Evergreen. Ht 3m
BERBERIS "HELMOND PILLAR"	A vigorous, narrow and upright form of Barberry with attractive round rich purple foliage turning vivid crimson and scarlet shades in autumn. With careful pruning and training can be grown into a narrow vertical specimen.	Deciduous 2m
BERBERIS THUNBERGIA ATROSUPERBA	Bolder form of purple barberry with long arching branches and larger, more rounded leaves coloured blackish-red changing to orange-scarlet in autumn. Very hardy.	Deciduous. Ht 1.50m
BERBERIS THUNBERGII ATROPURPUREA	A striking shrub with deep wine red foliage which turns bright crimson in autumn. Nodding racemes of yellow flowers. Very hardy.	Deciduous. Ht 1.7m
BERBERIS THUNBERGII AUREA	(Golden Barbary) Small shrub of golden yellow leaves turning pale green in late summer. Hardy shrub which prefers part shade to prevent leaves burning from the sun.	Deciduous. Ht 75cm
BERBERIS THUNBERGII KOBOLD	Dense glossy green foliage changing orange red in autumn. Golden flowers.	Deciduous. Ht 50cm
BERBERIS THUNBERGII LITTLE FAVOURITE	Low growing form of purple berberis. Has rich deep purple foliage turning scarlet orange in autumn. Makes good hedge. Very hardy.	Deciduous Ht 50cm
BERBERIS THUNBERGII MARIA	Butter yellow foliage appears early spring and holds through into autumn when it takes on tones of apricot and orange. Compact, upright growth. Suits full sun or part shade. PVR	Deciduous 1m x 30cm
BERBERIS THUNBERGII ROSY GLOW	A very striking small shrub. The leaves on the new shoots are multi-coloured, purple, bright rose and silver pink, later becoming purple.	Deciduous.Ht. 80cm
BUDDLEIA LINDLEYANA	Shrub or small tree with lavender flowers that attract pollinators. Prefers sun and moist, well-drained soil. Its form is rounded with arching weeping branches. Prune late winter - early spring Hardy	Deciduous 3M
CALYCANTHUS HARTLAGE WINE	A shrub with large mid green deciduous foliage colours beautifully to bright golden yellow in autumn. Rich burgundy-red flowers from early spring, continuing sporadically. Prefers moist, acidic soil in sun to part shade.	Deciduous Ht. 1.8m
CARYOPTERIS DARK KNIGHT	Compact deciduous shrub with grey-green leaves. Scented deep vibrant blue flowers through summer and autumn. Best in a sunny spot with well drained soil. Trim well in winter or early spring. Hardy	Deciduous 60x60cm
CARYOPTERIS INCANA PAVILLON BLUE	A new variety of dwarf Caryopteris with masses of royal blue flowers from Late Summer through until Autumn. Prefers full sun and well drained but moist soils. PVR	Deciduous Ht 60cm
CEANOTHUS GLOIRE DE VERSAILLES	Very beautiful deciduous Ceanothus with large panicles of powder blue flowers in summer and autumn. Plant in full sun in well drained soils. Very hardy and suitable for coastal conditions.	Semi-deciduous Ht 1.5m X 1.5m
CEANOTHUS HENRI DESFOSE	Custers of bright blue flowers on red stems through summer. A compact shrub with fresh green foliage. Trim after flowering. Hardy	Deciduous Ht. 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
CERATOSTIGMA PLUMBAGINOIDES	Small spreading shrub with dark green leaves becoming reddish-brown in autumn. Deep blue flowers for many months of year. Responds to regular pruning. Suitable for dry banks. Very hardy.	Deciduous Ht 50cm
CERATOSTIGMA GRIFFITHII	Small shrub with small, round leaves turning reddish in autumn. Deep blue flowers over a long period in summer. Hardy. Likes a free-draining soil in full sun.	semi-Evergreen.
CERATOSTIGMA WILLMOTTIANUM	Small shrub which is smothered in beautiful bright blue flowers throughout summer. Leaves turn red in late autumn. Trim back after flowering. Suits dry, well-drained site, preferably full sun.	Deciduous. Ht 80cm
CHAENOMELES GREEN ICE	Green-white flowers on bare branches in late winter to early spring. Prefers sunny position. Very hardy to cold. Can be grown as shrub or trained along fence.	Deciduous. Ht 2m
CHAENOMELES SPECIOSA ALARM	(Flowering Quince) Attractive bright red flowers on bare branches in late winter to early spring. Prefers sunny position. Very hardy to cold. Can be grown as shrub or trained along fence.	Deciduous Ht 2m
CHAENOMELES SPECIOSA APPLE BLOSSOM	(Flowering Quince) An upright plant that has white with pink tinged flowers in late winter/early spring. Prefers full sun and well drained soil.	Deciduous Ht 1.8m
CHAENOMELES SPECIOSA MRS MURPHY	Deep red saucer shaped flowers borne in late winter prior to leaf burst. Much branched spreading shrub. Very hardy. Can be pruned immediately after flowering to form a wall shrub.	Ht 2m Deciduous.
CHAENOMELES SPECIOSA YOKUKU	Flowering Quince. Early blooming, saucer shaped pure white flowers with tinges of green. Fruit can be used for jelly. Very hardy tree, tolerant of soil and climatic extremes. Best in full sun.	Deciduous
CHIMONANTHUS PRAECOX	(Winter Sweet) Sweet scented, waxy, golden yellow flowers appear in late winter while the branches are still bare. Can be picked for indoors. Very hardy.	Deciduous Ht 2.5m
CHIMONANTHUS PRAECOX LUTEUS	Well distinguished by rather larger clear waxy yellow flowers, which are sweetly scented. Very hardy. Can be pruned after flowering.	Deciduous. Ht 2m
CLERODENDRUM TRICHOTOMUM FARGESII	A strong growing large shrub, valuable for its autumn effects. Very fragrant white flowers in maroon calyx's in early autumn followed by blue berries. Very showy. Very hardy.	Deciduous. Ht 3m
CORNUS ALBA ELEGANTISSIMA	A very hardy, red-stemmed dogwood. Broadly margined and mottled leaves. Very cold hardy and easy to grow.	Ht 2 x 1.5m Deciduous.
CORNUS ALBA SIBIRICA	(WESTONBIRT DOGWOOD) Brilliant crimson stems throughout winter. Berries blue/white. Less robust form than Cornus Alba, so does not get as large. Good autumn colour	Deciduous. Ht 2m
CORNUS SANGUINEA MIDWINTER FIRE	Oval green leaves, turning orange-yellow in autumn. Brilliant orange-yellow stems in winter. Prune to 7cm from ground in spring to promote coloured new growth, then fertilize. Prefers damp soil and part shade. Very hardy.	Deciduous Ht 1.5m X 0.8m
CORNUS STOLONIFERA FLAVIRAMEA	(Yellow Stemmed Dogwood) Young stems yellow in winter, very effective when planted with Cornus Alba. Tolerates wet conditions. Very hardy.	Deciduous. Ht. 2m
COTINUS COGGYGRIA	(Green Smoke Bush) Smooth rounded green leaves with brilliant autumn colours. Fawn coloured plumes of flowers 15 - 20cm long at Christmas.	Deciduous. Ht 3m
COTINUS COGGYGRIA GRACE	A lovely smoke bush with crimson-purple tips on leaves changing with age to green with purple tinge. Winter pruning produces a tidy bush. Very hardy.	Deciduous. Ht 2.5 x2.5m
COTINUS COGGYGRIA PURPUREUS	(Purple Smoke bush) The round deep purple leaves always attract attention. Hazy purple smoke-like flowers. Good autumn colours.	Deciduous. Ht 3m
COTINUS COGGYGRIA ROYAL PURPLE	The finest of all purple-foliaged shrubs. The deeply veined leaves turn rich crimson in autumn. Prune in winter to stimulate new spring growth. Very hardy.	Ht 2 x 2m Deciduous.
COTONEASTER HORIZONTALIS	A low growing shrub of prostrate habit, with branches of characteristic "herring-bone" pattern. Can be espaliered. Covered in red berries in autumn and winter. Very hardy.	Deciduous.
COTONEASTER HORIZONTALIS VARIEGATUS	Impressive bright scarlet berries and attractive variegated foliage, fan-shaped branches. Very suitable for covering low walls and banks. Very hardy.	Deciduous

Plant Variety	Narrative	Spec.
Shrub (continued)		
EDGEWORTHIA CHRYSANTHA GRANDIFLORA	(Yellow Daphne) An interesting shrub with stout stems in spring producing large silvery buds opening to heads of yellow tubular flowers.	Deciduous Ht 1.5m
EXOCHORDA X MACRANTHA THE BRIDE	Dense, arching shrub forming a mound of large white flowers in spring. Prolific flowering, dark green foliage on pendant branches. Suits a sunny, well drained, acid soil. Very hardy.	Deciduous Ht 1.5-2m
FARGESIA NITIDA	A beautiful, clump-forming species with narrow leaves and tall, purple-flushed canes, arching at the top under the weight of the foliage. Prefers some shade. Good for large tubs.	Deciduous Ht. 3-4m
FORSYTHIA INTERMEDIA	Produces masses of broad petalled rich yellow flowers in early spring. Prune after flowering. Very hardy.	Deciduous Ht 3m
FORSYTHIA LYNWOOD GOLD	Produces masses of broad petalled rich yellow flowers in early spring. Prune after flowering. Very hardy.	Deciduous Ht 2m
FUCHSIA ASSORTED	Fuchsias prefer a shady spot and reward you with vibrant blooms for months on end. Plant in a fertile, free draining soil, keep moist and away from strong winds	Semi Deciduous
FUCHSIA CANDY BELLS	Delightful compact Fuchsia variety, carrying an abundance of scarlet-purple bell-shaped flowers from early Summer to Autumn. Water freely. Use slow release fertiliser when feeding.	Evergreen Ht 60cm
HIBISCUS SYRIACUS BLUSHING BRIDE	Dainty soft pink to white, double blooms with red eye produced freely throughout summer. Plant in full sun.	Deciduous.Ht 3m
HYDARNGEA MACROPHYLLA HOBELLA	(Lacecap Variety) This is a gorgeous double lacecap hydrangea with shell pink flowers which age green then red in the antique phase. Great for cut flower or drying. Likes a shady spot.	Deciduous Ht 1.2m
HYDRANGEA ARBORESCENS ANNABELLE	Beautiful hydrangea with large white flower heads 5 - 15cm across. Hardy shrub suitable for most soil types and a shaded position. Suitable for drying or picking. Very hardy.	Deciduous Ht 1.5m X 1m
HYDRANGEA BLAUMEISE	(Lacecap) Deep blue lacecap flowers produced prolifically through the summer. Compact growth habit. Plant in a shady spot with ample water. Apply acid fertilizer to keep good blue colour.	Deciduous.Ht 70cm
HYDRANGEA BLUE DIAMOND	Rounded heads of blue on a very compact plant. Feed with acidic fertilizer for good colour. Very hardy. Suitable for container in some shade.	Deciduous. Ht 80cm
HYDRANGEA BLUEBERRIES AND CREAM	(Lace cap) Dramatic Blue/White flowers cover the plant throughout summer. Prefers part shade in well drained soil. Good for containers.	Deciduous Ht 1.2m
HYDRANGEA GEOFFREY CHADBUND	Free flowering, strong growing lacecap with mid red to purple flowers. Plant in light shade. Prune to shape after flowering.	Deciduous. Ht. 2mx2m
HYDRANGEA GOLDIE	A mop head hydrangea noted for its stunning, bright lime green foliage that lights up in dappled shade. Flowers are pinkish/white. Prefers semi-shade and moist, fertile soil.	Deciduous Ht 1m
HYDRANGEA GRANDAD	Good selection with enormous 25cm pure white mophead flowers and lush green leaves. Prefers moist position in either sun or shade. Prune stems with spent flowers in winter.	Deciduous Ht 1.8m
HYDRANGEA MACROPHYLLA AGNES PAVELLI	(Mophead) Tall growing with large white flowers.Looks best when protected from midday sun. Prefer part shade in moist soil.	Deciduous Ht. 1.2m
HYDRANGEA MACROPHYLLA ALBA	Masses of clear white flowers on a mophead from summer through autumn. Prefers fertile soil with shade or part shade. Prune hard in winter.	Deciduous Ht 1m
HYDRANGEA MACROPHYLLA BLUE DECKLE	(Lacecap) Attractive deciduous bushy shrub with glossy green leaves in summer. Produces masses of powder blue lacecap flowers during summer.Apply acid fertilizer to keep good blue colour.	Deciduous. Ht. 60cm
HYDRANGEA MACROPHYLLA BRIDAL BOUQUET	Profuse pure white blooms over an extended flowering period during summer. Prune to shape after leaf fall. Prefers smome shade and moist rich soil.	Deciduous Ht. 1m x 1m
HYDRANGEA MACROPHYLLA FIREWORKS	(Lacecap) Showy heads of double petalled lacecap flowers. Colour varies from blue to white to pink depending on soil acidity.Prefers some shade and good soil moisture. Hardy.	Deciduous 1M X 1M

Plant Variety	Narrative	Spec.
Shrub (continued)		
HYDRANGEA MACROPHYLLA HARLEQUIN	Large clusters of bicoloured flowers, rosy-red with white margins throughout summer. Best in semi shade with good soil moisture.	Deciduous 1.5mH X 1M
HYDRANGEA MACROPHYLLA LIBELLE	Lace Cape - Large pure-white ray-florets and blue fertile flowers. Prune hard in late autumn and water during dry spells. Deciduous.	Ht 45cm x 60cm
HYDRANGEA MACROPHYLLA MATHILDE GUTGES	Free flowering blue mop head. Easily grown. Prune and feed annually. Apply aluminium sulphate to achieve deep blue colour. Full sun or part shade.	Deciduous Ht 60cm x 90cm
HYDRANGEA MACROPHYLLA NIGHTINGALE	The biggest and best blue lacecap hydrangea. Masses of deep blue flowers in midsummer. Hardy, prune after flowering. Shade.	Deciduous. Ht 1.5m
HYDRANGEA MACROPHYLLA PIAMINA	Dwarf variety which carries a profusion of soft rose-pink flower heads in early summer. Ideal patio or tub plant. Hardy.	Deciduous. Ht60cm
HYDRANGEA MACROPHYLLA WHITE	Mophead Attractive deciduous bushy shrub with glossy green leaves in summer. Produces masses of white mophead flowers during summer. Prefers shade or part shade with moist but well drained soil.	Deciduous Ht. 1.2m
HYDRANGEA MASJA	Huge round heads of red flowers.A compact plant well suited to pot culture. Prefers well-drained soil ,ample water and semi shade. Very hardy.	Deciduous. Ht 75cm
HYDRANGEA MERVEILLE SANGUINE	(Raspberry Crush or Bloody Marvellous) Ox blood-red ball-shaped flowers on deep bronze green serrated foliage. Prefers some shade and well drained soil. Feed with lime to enhance red colour. Flowers can be used fresh or dried.	Deciduous Ht 1.2 x1.2m
HYDRANGEA NIGRA	A compact form with dark black stems and rose-pink or bluish flowers. Prefers moist soils, semi-shade or shaded position. Feed with aluminium sulphate to maintain blue flowers.	Deciduous Ht. 1m
HYDRANGEA PANICULATA CANDLELIGHT	Upright habit with large flowerheads starting creamy coloured, but turning pink to red as they age. Prefers part shade or shade. PVR	Deciduous Ht. 1.2m
HYDRANGEA PANICULATA GRANDIFLORA	One of the showiest hardy shrubs.Forms a multi-stemmed shrub with dark green leaves, which turn bronze in autumn.Large creamy-white florets are produced from late spring to autumn.Good for picking.	Deciduous Ht 2.5m X 2.5m.
HYDRANGEA PANICULATA KYUSHU	In late summer dainty long pointed panicles of creamy white flowers adorn this bush. Clean fresh bright green foliage.Very hardy.	Deciduous Ht 1.5m
HYDRANGEA PANICULATA LEVANA	Produces very large, fragrant, pure white flowers(up to 50cm) in late summer.Attractive to insects and butterflies.Great cut flower. Requires sun or part shade and summer moisture.light trim in late winter. Very hardy.	Deciduoious Ht Up to3m unpruned
HYDRANGEA PANICULATA LIMELIGHT	Long panicles of sterile lemon coloured green to creamy white flowers in late summer and autumn. Golden autumn colour. Prefers full sun or part shade. Hardy.	Deciduous Ht 1.2m
HYDRANGEA PINK	Pink flowers throughout summer .Apply lime liberally to retain good colour. Grows well in damp, shaded or open position.	Deciduous. Ht. 1- 1.5m
HYDRANGEA QUERCIFOLIA	(Oak leave Hydrangea) spreading deciduous shrub with handsome, large, deeply lobed leaves turning red and purple in autumn. Flowers cream, in conical panicles with numerous large sterile floret.	Deciduous. Ht 1m
HYDRANGEA QUERCIFOLIA PEE WEE	Dwarf compact selection, topped with beautiful sterile pure white cone flower heads from early summer. Good autumn foliage colour. Hardy.	Evergreen Ht. 0.9m x 0.6m
HYDRANGEA QUERCIFOLIA SNOWFLAKE	A unique double white form of the "Oak Leaf" hydrangea. Profuse late Summer flowers are followed by strong coloured Autumn foliage.	1m x 1m.
HYDRANGEA RENATE STEINIGER	(Mophead) Lush blue blooms throughout the Summer and into Autumn. Compact habit suitable for small gardens or large pots. Best with good soil, some shade and Summer moisture. Feed regularly, use acid food to keep nlu colour.	Deciduous. Ht 75cm
HYDRANGEA SABRINA	Delicate white blooms edged rose pink. Provide adequate moisture during hot weather . Prune old stems that have flowered.Prefers some shade.	Deciduous Ht 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
HYDRANGEA SCHNEEBALL	(SNOWBALL HYDRANGEA) Clear white blooms throughout summer. Great in a pot in a cool spot. Best in good soil with summer shade and moisture. Feed regularly. Compact growth habit.	Deciduous. Ht 60cm
HYDRANGEA SENSATION	Unusual multi-coloured Mophead hydrangea rose pink with white margins. Acid soil in filtered sunlight with cool rootrun.	Deciduous
HYDRANGEA SERRATA COVER ME	A pink flowered ground cover Hydrangea that grows just 50cm high. Perfect to fill the garden with low foliage and stunning blooms all summer. Prefers some protection from the hottest summer sun.	Deciduous Ht.50cm
HYDRANGEA SERRATA SUMMER GLOW	Lacecap type flowers in summer. Blue in acid soil and pink if more alkaline soil. Flowers on one year old branches so prune lightly in winter. Deep rer autumn foliage.Very hardy.	Deciduous Ht 1.1m
HYDRANGEA STRAWBERRIES AND CREAM	Lacecap . Dark green foliage with rosy/red flowers with white centres from late spring until mid-summer. Prefers partial shade and well drained soil.	Deciduous 1.2 x 1.2
HYDRANGEA TOSCA	Double creamy salmon flowers which can be turned blue by adding acids to the soil.	Deciduous. Ht 1.5m
HYDRANGEA TROPHY	Unique large creamy white flower head with double individual florets December through to February. Prune back after flowering.Grow in semi-shade. Fertilise in Spring.	Deciduous.Ht.1.5m x 1m
HYDRANGEA VILLOSA	Late summer flowering, lilac blue. Prefers to be in part shade to shade.	Deciduous Ht 2m
KOLKWITZIA AMABILIS	(Beauty Bush)A graceful hardy shrub forming a dense twiggy bush. Soft pink bell shaped flowers draping the branches in Spring. Prefers full sun and well drained soil.	Deciduous. H 2m
PHILADELPHUS CORONARIUS	(Mock Orange) Strong growing medium sized shrub with creamy-white richly scented flowers. Particularly suitable for very dry soil. Hardy.	Deciduous. Ht 3m
PHILADELPHUS FROSTY MORN	Small shrub which produces fragrant, double white flowers in early summer. Very Hardy. Trim after flowering.	Deciduous. Ht 1.5m
PHILADELPHUS SYBILLE	Arching branches. Masses of single white flowers with central lavender stain. Strong orange scent. Hardy.	Deciduous. Ht 2m
PHILADELPHUS VIRGINAL	A strong growing erect-branched shrub, with mock orange flowers richly fragrant. Probably the best double flowered cultivar.	Deciduous. Ht 2m
PHYSOCARPUS OPULIFOLIUM SHADY LADY	Luscious, dark foliage covered from midsummer with masses of cream coloured pom-pom blooms. Tolerant of most garden soils. Sun to part shade. Fully hardy.	Deciduous Ht 2m x 1.5m
RHUS TYPHINA	(Stag's Horn Sumach) Small tree with large pinnate downy leaves, turning rich orange, red, yellow and purple in autumn. Hairy crimson fruits in winter.	Deciduous Ht 3m
SAMBUCUS NIGRA AUREA	(GOLDEN ELDER) Leaves golden yellow deepening with age. One of the hardiest and most attractive of golden foliaged shrubs.	Deciduous Ht 3m
SAMBUCUS NIGRA BLACK BEAUTY	Dark purple/black leaves which turn red in Autumn. Fragrant pink flowers in Spring followed by black berries. Prune after fruiting finished. Very hardy.	Deciduous Ht 3m
SAMBUCUS NIGRA PURPUREA	Form of Elder with leaves that are green when young becoming deep purplish-black ,turning red in autumn.Flowers contrast well with foliage, being pink in bud opening white.Very hardy.	Deciduous Ht 2m
SPIRAEA BUMALDA ANTHONY WATERER	Flowers bright crimson throughout summer. New foliage variegated cream and pink turning dark green. Excellent dwarf shrub for borders. Very hardy.	Deciduous Ht 1m.
SPIRAEA GOLD FLAME	Leaves flame orange paling to gold yellow and light green as the season progresses. Pink flowers in Spring.	Deciduous. Ht 1m
SYMPHORICARPOS ALBUS	SNOWBERRY Small shrub with long slender erect shoots . Small pink flowers in spring and summer, followed by large white marble-like berries carried in profusion from autumn through winter when branches are bare. Very hardy.	Deciduous Ht.1.5m
SYMPHORICARPOS DOORENBOSII MOTHER PEARL	(Snowberry) A compact, hardy shrub with small leaves and arching stems that in summer have pale pink flowers. In winter there are dense clusters of small pink flushed white berries. Prefers sun/part shade and well drained soil.	Deciduous. Ht 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
VIBURNUM OPULUS NOTCUTT'S VARIETY	Large white flower heads late spring/early summer on very hardy bush. Glistening red fruits form in Autumn and last well into winter.	Deciduous. Ht. 1.5m
VIBURNUM BODNANTENSE DAWN	A strong-growing large deciduous shrub of upright growth, with dark green, ovate leaves and clusters of scented, light pink and white flowers opening from autumn to spring, from red buds	Deciduous. Ht 2m
VIBURNUM CARLESII	One of the best viburnums. Heavily scented flower clusters, pink in bud fading to white.	Deciduous. Ht 2m
VIBURNUM CARLESII AURORA	An outstanding selection with red flower buds opening to pink and white and very fragrant. Highly recommended. Dark green leaves turning wine-red to muted purple in autumn. Sun to part shade tolerates dry once established	Deciduous Ht 2m
VIBURNUM FULBROOK	(Carlesii x Burkwoodii) Medium sized shrub with large clusters of sweetly scented flowers, pink in bud, opening to pure white.	Deciduous. Ht 2.5m
VIBURNUM OPULUS COMPACTUM	A small shrub of dense compact habit, white flowers in summer. Bright red bird-proof berries in autumn and winter. Very hardy, prefers open, well-drained position.	Deciduous. Ht 1m
VIBURNUM OPULUS NANUM	A curious dwarf form with dense, tufted habit. Infrequent flowerer but colours richly in autumn.	Deciduous. Ht 50cm
VIBURNUM OPULUS STERILE	(Snowball Tree) Robust plant with maple-like deep green leaves, turning reddish/purple in autumn. Produces an abundance of sterile, white, green-tinted 7cm globular 'snowball' flower clusters. No berries. Very hardy.	Deciduous. Ht 3m
VIBURNUM OPULUS XANTHOCARPUM	large deciduous shrub with maple-like leaves turning yellow or pinkish in autumn. Creamy-white flowers in flattened heads are followed by translucent deep yellow berries Very hardy.	Deciduous. Ht 2.5m
VIBURNUM PLICATUM MARIESII	Creamy white flowers in early summer along upper sides of branches giving snow like appearance. Ideal in a mixed bed or as hedge row. Dark green leaves which turn reddish purple in autumn. Plant in fertile free draining soil and full sun.	Deciduous. Ht 2m
VIBURNUM PLICATUM NEWPORT	(Japanese Snowball Tree) Double rows of white snowballs along the horizontal tiered branches in spring giving the appearance of icing on a layered cake. Compact bushy habit.	Deciduous. Ht 2m.
VIBURNUM PLICATUM PINK BEAUTY	A profusion of blush pink, flat flowers on tiered branches. Rounded growth habit with branches in layers. Good autumn colour and very hardy.	Deciduous. Ht 2m
VIBURNUM PLICATUM ROSEACE	Pretty rounded heads of creamy-pink flowers with light rose pink blush cover the plant in spring. Bronzy coloured new growth Very hardy compact shrub.	Deciduous. Ht 2.5m
VIBURNUM SARGENTII ONONDAGA	A splendid form with deep maroon young leaves, lovely white flower heads and maroon/purple/red foliage in autumn. Prefers rich, free draining soil. Sun or part-shade.	Deciduous. Ht.3m
VIBURNUM TRILOBUM	Large vigorous shrub with white lacecap flowers and red, long lasting berries in autumn and winter. Good autumn colour. Very hardy .	Ht 2m Deciduous.
VIBURNUM X BURKWOODII	Waxy white flushed pink flowers in early spring which are intensely fragrant. Twiggy bush with oval leaves of glossy green turning orange/red in autumn and winter.	Semi Evergreen Ht 1.5m
VITEX AGNUS-CASTUS	(CHASTE TREE) An attractive, quick-growing, bushy shrub. Grey-green foliage and long racemes of lavender flowers. Attractive to butterflies. Tolerant of dry soils. Prune after flowering.	Deciduous Ht 2m
WEIGELA FLORIDA SNOWFLAKE	Light green foliage, vigorous bushy habit. Snow white flowers enhanced by the paler foliage - a good contrast. Prefers rich moist soil. Very hardy.	Deciduous. Ht 2m
WEIGELA FLORIDA VARIEGATA	An excellent medium sized variegated shrub. Leaves are edged creamy white and flowers are deep rose funnel shaped. Trim out old stems. Deciduous.	Deciduous. Ht 2m
WEIGELA FLORIDA WINE AND ROSE	Dark burgundy purple leaves. Deep cherry spring blooms in early Spring. Prefers full sun and rich soils.	Deciduous Ht. 1.8m

evergreen

Plant Variety	Narrative	Spec.

ANIGOZANTHOS MIX	(Kangaroo Paw) Stunning flowers in summer. Excellent as a cut flower. Plant in well drained soil in full sun. Protect from Frost.	Perennial 40cm
ARBUTUS UNEDO	(Irish Strawberry Tree) Flowers late autumn in drooping clusters. Plant in sun or semi- shade. Tolerant of dry and limey soils when established. Fruit attract bellbirds. Very hardy.	Evergreen Ht 4m in 20yrs
ASCEPLIAS PHYSOCARPA	(Swan Plant) Attracts Monarch Butterfly caterpillar. Easily grown. Attractive 'swan' shaped seed pods. Prefers full sun and needs protection from heavy frost.	Evergreen. Ht 1x1m
ATHEROSPERMA MOSCHATUM	Interesting evergreen Australian small tree with lace-like leaves with white down underneath. Whole plant is fragrant and yields essential oil. Cream coloured single flowers.	Evergreen Ht 4-5m
AUCUBA CROTONOIDES	(female) Large glossy leaves with pretty panicles of flowers followed by bright red berries if planted with a male plant. Ideal for for shady places. Excellent tub plant. Prefers rich soil.	Evergreen Ht 1.5m
AUCUBA JAPONICA (MALE)	Pollinator for female form. Will grow in heavy shade. Suitable for any soils. Suitable as indoor plant. Hardy	Evergreen. Ht 1m
AUCUBA JAPONICA FOREST GREEN	Large dense bushy habit, with bold large dark green leaves. Small clusters of olive green flowers followed by bright red berries, 2 cm in autumn.Tolerant of heavy shade and dry conditions. Hardy.(Female)	Evergreen Ht 1.5m
BACCHARIS TWIN PEAKS	Very hardy ground cover which is great in coastal areas. Small white flowers. Serrated grey-green leaves. Will grow well in poorer soils once established.	Evergreen 50cm x W 1m
BAMBUSA MULTIPLEX WANG TSAI	Clump forming bamboo, native to China. Graceful curving green to orange brown stems and dark green tufted foliage. Hardy. Suitable for container growing. Protect from heavy frost.	Evergreen. Ht 2m
BANKSIA INTEGRIFOLIA	(Coast Banksia) Masses of 15cm honey laden pale yellow flower spikes produced from early autumn to winter. Attractive to Tuis and Bellbirds. Hardy to coastal conditions. Protect from heavy frost.	Evergreen. Ht 2.5m
BORONIA HETEROPHYLLA	(Red Boronia) Bright rich pink crimson flowers. Beautifully scented. Plant in a sheltered spot with full sun and a well-drained soil.	Evergreen Ht 1m
BORONIA HETEROPHYLLA ICED CHARLOTTE	Small fine leaved hardy shrub with aromatic foliage bearing masses of white bell shaped flowers. Compact, bushy habit. Trim after flowering.	Evergreen 1-1.5m
BORONIA MEGASTIGMA	(Brown Boronia) Very popular highly scented brown boronia. To really appreciate plant in a sheltered place that you can brush past. Trim when finished flowering. Prefers sunny position, well drained soil	Evergreen. Ht 1m
BORONIA MEGASTIGMA LUTEA	(Yellow Boronia) Very highly scented boronia with yellow flowers. Popular for this reason. Plant in a sheltered place. Trim after flowering.	Ht 1m Evergreen.
BORONIA MEGASTIGMA TUI	Improved form with incredible perfume.Thrives in moist well drained soil in dappled shade.tolerates full sun if roots kept cool.	Evergreen. Ht 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
BORONIA PURPLE JARED	(Cross between heterophylla and megastigma) An attractive, upright bushy shrub with aromatic fernlike foliage and large purple bell-shaped flowers. Best in full sun or partial shade. Keep roots cool and moist during dry periods.	Evergreen Ht.1m x 75 cm
BUDDLEIA SALVIFOLIA	Quick growing small tree with mauve flowers in spring. Very hardy. Trimmings well.	Ht 3m Evergreen.
BUDDLEIA SILVER ANNIVERSARY	Syn. Buddleia Morning Mist. Silver willow like foliage with fragrant scented blooms with yellow eye. Attractive to butterflies and bees. Trim to shape in the spring. Best grown in rich, moist soil in full sun.	Evergreen 1.5m x 1.5m
BUXUS HARLANDII RICHARD	A rounded leaf with an indentation at the tip to create an almost heart shaped leaf. Excellent compact form. Slow growing. Resistant to buxus blight	Evergreen Ht. 1m
BUXUS SEMPERVIRENS	(Common Box) Dense small dark green leaves. Ideal for hedges and topiaries.. Prefers fertile soils, full sun or part shade. Prune regularly and feed after pruning.	Evergreen. Ht 80cm
BUXUS SEMPERVIRENS 1 LARGE 2 SMALL BALL	(Common Box) Dense small dark green leaves. Ideal for hedges and topiaries.. Prefers fertile soils, full sun or part shade. Prune regularly and feed after pruning.	Evergreen 80cm
BUXUS SEMPERVIRENS GRAHAM BLANDY	Upright form of English Box with narrow habit and rich green leaves .Fairly fast growing .Requires minimal trimming to retain shape. Ideal for landscape feature.Very hardy.	Evergreen Ht 2-3m
BUXUS SEMPERVIRENS SUFFRUTICOSA	(Dwarf Edging Box) Small bright shining green dense leaves. Ideal for hedges, edging and easily maintained as a narrow living wall as low as 15cm. Hardy	Evergreen. Ht 30cm
CALLISTEMON JOHN MASHLAN	(Pink Bottle Brush) Compact upright Australian shrub with candy floss pink flowers in spring -summer. Prefers good drainage and some summer moisture.Hardy.	Evergreen Ht 2m
CALLISTEMON KINGS PARK SPECIAL	Bunches of long red bottlebrush flowers during spring. Thrives in a open position. Prune after flowering.	Evergreen. Ht 3m
CALLISTEMON LITTLE JOHN	A dwarf, rounded shrub which is almost completely covered with a mass of dark red bottlebrush flowers. The narrow, crowded foliage is an attractive bluish-green.	Ht 1m x 1m Evergreen.
CALLISTEMON ROCKY RAMBLER	Dwarf semi prostrate compact shrub with red spider like flowers.Bronzy new growth .Prefers full sun and moist well drained soil.	Evergreen Ht 50cm
CALLISTEMON WHITE ANZAC	Spreading shrub with 10-15cm long brushes of pure white flowers, fading to creamy-white, over summer. Prune well after flowering. Tolerates dry conditions when established. Hardy.	Evergreen Ht 1mx 3m
CALLUNA ANNABEL	Delicate pale pink flowers from late summer. Very hardy. Prefers moist, peaty soil.	Ht 40cm Evergreen.
CALLUNA DARK STAR	NEW Bright green foliage producing stems of dark cerise flowers inautumn. Foliage turns mustard in winter.	Evergreen. Ht 20-40cm
CALLUNA ELSIE PERNELL	Upright spikes of bell shaped rich-pink flowers. Autumn flowering. Prefers well drained soils and sunny positions.	Evergreen Ht. 30cm
CALLUNA JIMMY DYCE	Dark green foliage, tinged red in cold conditions. Bright pink/purple flowers. Free drainind acidic soil and full sun. Hardy	Evergreen 50cm H
CALLUNA RED STAR	Dark green foliage that turns reddish-brown in winter, with light to dark pink flowers in Autumn. Prefers well drained, acidic soil and full sun. Hardy.	Evergreen Ht 40cm
CANTUA BI-COLOUR	Attractive fuchsia-like flowers in yellow and white. This semi-erect shrub prefers a warm sheltered position. It is a South American native, half hardy for our climate.	Ht 1.5m Evergreen.
CANTUA PYRIFOLIA	(Flower of the incas)Graceful weeping shrub with striking tubular flowers, cream with yellow flaring lobes in spring. Hardy. Trim after flowering.	Evergreen Ht.2 x 1m
CASUARINA GLAUCA COUSIN IT	A groundcover with interesting cascading lime foliage. Great on dry banks and for cascading down retaining walls. Prefers full sun and well drained soil. Protect from heavy frosts.	Groundcover Ht20cm x W 1m
CEANOTHUS BLUE CARPET	Very hardy shrub that will grow in most garden conditions. Forms a dense carpet ideal for rockeries or trailing over a bank. Responds well to a light trim.	Evergreen Ht.30cm x 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
CEANOTHUS BLUE CUSHION	Dwarf creeping shrub which smothers itself in bright blue flowers in late spring. Hardy.	Evergreen. Spread 1m
CEANOTHUS BLUE SAPPHIRE	Spring flowering shrub with bright blue flowers that smother the bush. Dark purple-green foliage. Prune to shape if required.	Evergreen Ht 60cm
CEANOTHUS JOYCE COULTER	(Californian Lilac) Very vigorous, extremely wide spreading plant good for banks or ground cover. Masses of blue flowers in spring. Very Hardy.	Evergreen Ht 1m x 3m
CEANOTHUS PAPPILLOSUS ROWEANUS	(Californian Lilac) A rounded dense bush with dark blue flowers and glossy green leaves. Attracts bees. Hardy and fast growing.	Evergreen Ht 2m
CHAMAECYTISUS PALMENSIS	(TREE LUCERNE) Quick growing tree with white pea-like flowers during late winter and spring. Very attractive to birds. Can also be used as fodder crop. Trim regularly if not being used as fodder crop.	Evergreen. Ht 4-5m
CHOISYA AZTEC PEARL	Finely cut green foliage. Large creamy white flowers in late spring and often again in autumn. Pink buds opening to fragrant flowers. Hardy.	Evergreen. 1.5 m
CHOISYA TERNATA	(Mexican Orange Blossom) A neat compact shrub which in spring is covered in white orange blossom-like scented flowers. Very hardy. Trims well. Tolerates shade or sun.	Evergreen. Ht 1.5m
CHOISYA TERNATA SUNDANCE	Golden foliage form of "Mexican Orange Blossom". Sweetly scented white flowers late spring and summer. Prefers some shade. Leaves can burn in hot sun.	Evergreen. Ht 1.2m
CISTUS CRETICUS ALBUS	White flowers with yellow centre throughout summer. Prefers full sun, excellent for dry banks. HARDY	Evergreen Ht 1m
CISTUS FORMOSUM	(Shrubby Sun Rose) Attractive shrub with grey foliage and large golden flowers. Perfect for full sun, and dry areas. Excellent on the coast.	Evergreen. Ht 1m
CISTUS LADANIFER PETIOLATUS BENNETT'S WHITE	Large pure white flowers with yellow centres cover the plant in Spring and Summer. Great for hot, dry conditions in well drained soil. Prune after flowering	Evergreen Ht 1m
CISTUS SALVIFOLIUS 'SNOWMOUND'	Low, trailing free-flowering shrub, white flowers with golden yellow centres in Spring. Foliage is dark grey-green above and whitish below. Suitable Rockery, Border, Cottage Garden.	Evergreen Ht. 75 x 1.5m
CISTUS SILVER MAGIC	(Rock Rose) Clear pink flowers throughout Spring and Summer. Ideal for dry banks and Coastal Areas. Prefers full sun and well drained soil.	Evergreen Ht 1m
CISTUS SUNSET	Large brilliant rose-pink blooms in Spring. Tolerates a wide range of soils and is ideal for dry banks. Hardy.	Evergreen Ht 1m
COLEONEMA COMPACTUM	dwarf, spreading, evergreen shrub grown for its golden aromatic, green heather-like foliage and pink star shaped flowers. suitable for a full sun to part shade position, frost tolerant and requires little water once established. Evergreen.	
COLEONEMA PINKII	Compact upright diosma covered with small pin flowers with a distinct pink stripe in the centre of petals. Plant singly or in groups in a sunny position.	Evergreen.
COLEONEMA PULCHRUM	Erect growing shrub with long slender branches. Pink flowers. Tangy aromatic leaves and stems.	Ht 1.5m Evergreen.
COLEONEMA PULCHRUM SUNSET GOLD	(Golden Diosma) Bright gold aromatic foliage and pink starry flowers in profusion in spring. Low growing. Sunny position.	Evergreen. 0.7 x 1.0m
COLEONEMA PULCHRUM WINTER CHARM	Beautiful compact shrub, studded with pink starry flowers in late winter. Flowers earlier than other varieties. Highly aromatic leaves. Hardy.	Evergreen. Ht 1.5m
CORREA GRANNY'S GRAVE	An Australian Native which has an abundance of green/yellow cylindrical shaped flowers from Autumn into Winter. Tolerates some frost and coastal conditions. Prefers full sun to part shade and well drained soil.	Evergreen Ht 50cm x W 50cm
CORREA MANNII	Small growing shrub, requires good drainage and sun. Orange tubular flowers throughout autumn and winter. Protect from heavy frosts.	Evergreen Ht 50cm
CORREA MARIAN'S MARVEL	A lovely evergreen shrub with two tone pink/yellow tubular shaped flowers. Prefers full sun and well drained soil. Protect from heavy frost.	Evergreen Ht 1m
COTONEASTER CORNUBIA	A vigorous shrub with red fruits that are perhaps the largest of the Cotoneasters, and borne in profusion weighing down the branches.	Evergreen. Ht 4m

Plant Variety	Narrative	Spec.
Shrub (continued)		
COTONEASTER DAMNERI 'ROYAL BEAUTY'	Excellent ground cover with glossy leaves, open growth habit, white flowers, and orange berries. Very hardy.	Evergreen.
CRINODENDRON HOOKERIANUM	Syn. Tricuspidaria lanceolata. Flowers like long stalked crimson lanterns which hang thickly along branches in November. Requires moist, lime-free soil and some shade.	Evergreen. Ht 2.5m
CROWEA EXALATA RUBRA	Small shrub with attractive deep red foliage and pink star-like flowers in autumn and winter. Prefers free draining, acid soil enriched with peat moss.	Evergreen Ht.
CROWEA MERRICKS DWARF	A small spreading shrub producing bright pink star shaped flowers throughout the year. Well drained soil in partially shaded situation. Hardy to medium frost.	Evergreen 50cm x 1m
CYTISUS BEANII	Prostrate broom with golden flowers. Ideal for over rocks or weeping position. Prefers full sun. Hardy.	Evergreen. Ht 40cm
DAPHNE ETERNAL FRAGRANCE SPRING PINK	Amazing variety with intensely scented pink blooms , mainly in spring but does produce flowers throughout the year. Compact habit . Suitable for pots or in garden in full sun to part shade. Prefers acid soil. (PVR)	Evergreen Ht 80cm
DAPHNE ODORA ALBA	(White Daphne) Beautifully perfumed porcelain white blooms. Light green growth tips. Prefers semi sun position with well drained lime free soil.	Evergreen. Ht. 80cm.
DAPHNE PERFUME PRINCESS	(Bholua x odora) Early flowering (mid winter) Masses of blush pink and fade to white, ball-shaped clusters flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen Ht. 1.5m
DAPHNE PERFUME PRINCESS WHITE	(Bholua x odora) Early flowering (mid winter) Pure white large ball-shaped clusters of star like flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen Ht. 1.5m
DAPHNE X TRANSATLANTICA ETERNAL FRAGRANCE	Amazing variety with intensely scented white blooms , mainly in spring but does produce flowers throughout the year. Compact habit . Suitable for pots or in garden in full sun to part shade. Prefers acid soil. (PVR)	Evergreen Ht 60 x 60cm
DIANELLA REVOLUTA LITTLE REV	This compact dianella tolerates a wide range of soils and conditions. Likes full sun as well as partially shaded position. Hardy with excellent cold, heat, frost, and drought tolerance. Plant in a well mulched garden.	Evergreen Ht 30-40cm
DIANELLA REVOLUTA REVELATION	Blue green strappy-like foliage. Small blue flowers in Late Spring. It has a clumping habit ideal for mass planting.	Evergreen Ht. 50cm x 50cm
DRIMYS AROMATICA	(Mountain Pepper) Rich purplish red stems and dark green elongated leaves on a conical shape shrub. Clusters of star-shaped creamy white flowers with a strong aromatic scent. Black fruit in autumn. Prefers a sheltered sunny position with well drained soil. Hardy	Evergreen Ht. 3m
ELAEAGNUS PUNGENS MACULATA	Leaves with a central splash of gold giving a very bright effect. Outstanding in the winter. Very hardy shrub which can be pruned to shape.	Evergreen. Ht 1.5m
ELAEAGNUS X EBBINGEI	Hardy fast-growing shrub with large silvery green leaves giving a very bright effect. Has small scented cream flowers in autumn. Very hardy and suitable for coastal planting. Or pruned as hedge, but unlikely to flower if pruned regularly. .	Evergreen. Ht 2-3m
ENKIANTHUS CAMPANULATUS	Cream striped, pink lily of the valley flowers. Good autumn colours. Bright Autumn colours. Excellent woodland plant.	Deciduous Ht 1.5m
ERICA AURORA	A hardy upright growing erica up to 1m tall. Has attractive bright red to orange tubular flowers during winter in clusters. Requires a well drained, sunny lime free position.	Evergreen Ht 1m
ERICA CARNEA PINK SPANGLES	Delightful soft pink flowers. Compact grower. Very hardy.	Evergreen Ht 30cm
ERICA CERINTHOIDES RED	Small shrub with dark green needle-like foliage. Stunning tubular red flower clusters throughout winter and spring. Trim stems well after flowering to maintain shape. Prefers a sunny warm site.	Evergreen Ht. 1m
ERICA CHERRY STEPHENS	Winter flowering. Deep pink bells. Ideal for rock and pebble gardens. Prefers a sunny, well drained position. Very hardy.	Evergreen. Ht 30cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
ERICA COLORANS WHITE DELIGHT	Showy white tubular flowers on tall spikes. Attractive soft green foliage. Prune after flowering for bushier plant and more flowers. Prefers Full sun and well drained position.	Evergreen Ht 1m
ERICA IRISH SALMON	Neat upright growth. Bell shaped deep salmon pink flowers. Late autumn. Excellent in borders or mass plantings. Prefers full sun and well drained soil.	Evergreen Ht 40cm x 60cmW
ERICA ISABEL	Compact new erica with fresh green foliage and masses of white flowers on upright stems. Excellent in borders or mass plantings.	Evergreen. Ht 40cm
ERICA KRAMERS RED	Good flowering low growing Erica. Deep pink to red flowers. Plant in full sun, open situation. Very hardy.	Evergreen Ht 30cm
ERICA MELANTHERA IMPROVED	A small leaved compact heath with masses of lavender-purple flowers in autumn. Prefers a sunny, well drained position.	Evergreen Ht 40cm
ERICA MYRETOUN RUBY	Excellent winter flowering variety. Dark red flowers. Prefers acidic soil conditions. Extremely hardy .	Evergreen Ht 30cm
ERICA PURPLE BEAUTY	Rich purple bell like flowers in late summer - early autumn. Extremely hardy will grow anywhere.	Evergreen Ht 15cm
ERICA RUBY SHEPPARD	Compact bright pinkish-Mauve flowers in early winter. Similar to Melanthera. Prefers a sunny, well drained position. Hardy	Evergreen Ht. 1m
ERICA SESSIFLORA ICE GREEN	Upright free flowering shrub producing terminal clusters of greeny-white tubular flowers in winter. Prefers well-drained soil. Protect from heavy frost. Trim after flowering.	Evergreen. Ht 1m x 1m
ERIOSTEMON MYOPOIDES	Scented dark green elliptic leaves. Pink buds open to white star shape waxy flowers in spring. Trim after flowering. Hardy	Ht 1m Evergreen.
ESCALLONIA FIELDS WHITE	A fast growing shrub with glossy green foliage. Small tubular white flowers in summer. Ideal as a hedging plant. Hardy.	Evergreen Ht. 3.5m
EUCRYPHIA NYMANSAY	Attractive, ornamental small tree with creamy white fragrant flowers in summer. Prefers moist woodland position.	Evergreen. Ht 3m
EUONYMOUS MINIMUS	A prostrate cultivar that bears small oval dark green leaves. Small white flowers during summer. Hardy.	Evergreen Ground cover 1mx20cm
EUONYMUS GREEN SPIRE	Compact shrub with an upright growing habit. Dense rich green glossy leaves. Excellent for low hedging or topiary. Prefers sunny position with moist but well drained soil.	Evergreen Ht.1.5m
EUPHORBIA SNOWTOPS	Blue-green & silver foliage, with heads of cream-green flowers in spring. A compact, tidy plant for a sunny, well drained place. Cut flower stems back after flowering.	Evergreen Ht. 50cm
EURYOPS PECTINATUS	Rich yellow daisy-like flowers produced throughout year but most freely from Aug - Dec. Very hardy. Tolerates coastal conditions. Prefers full sun and good drainage. Protect from heavy frost.	Evergreen. Ht 1m
FATSIA JAPONICA	(Aralia)A handsome medium to large shrub of spreading habit. Large polished green leaves emphasise the globular white flower heads that appear in autumn. Suitable for growing indoors or outdoors with some shade. Needs protection from frost.	Evergreen Ht 4m
GARDENIA JASMINOIDES DAISY	Produces masses of fragrant single, white flowers in late Spring/early summer. Attractive shiny green foliage. Frost hardy plant that prefers full sun to part shade.	Evergreen Ht 1m
GARDENIA JASMINOIDES SNOW GIRL	Single white fragrant flowers in early summer. Deep green dainty foliage and tight habit. Perfect for pots. Full sun to light shade. Frost hardy	Evergreen 60cmT x 80cmW
GARDENIA JASMINOIDES SNOW PUFF	Double white fragrant blooms emerge in late spring and summer. Compact shrub. Plant in Full sun to light shade. Perfect for pots. Frost hardy	Evergreen 1Mx 60cm wide
GARRYA ELLIPTICA	(Catkin Bush) Magnificent large evergreen shrub draped with long green catkins in winter. Flowers popular for floral art. Will grow on coast and south walls. Cold hardy.	Evergreen Ht 3m
GAULTHERUIA MUCRONATA RUBIES N PEARLS	Compact bushy shrub with glossy green leaves and single white flowers in Spring. Followed in Autumn by showy berries that are up to 1.5 cm across. Prefers moist shaded conditions.	Evergreen Ht 1.2m
GREVILLEA AUSSIE CRAWL	A vigorous, prostrate groundcover, good for mass planting. New growth has bronze-red tones. Red flowers in late winter - autumn. Likes a well drained, sunny spot. Protect from heavy frost.	Evergreen 2m wide

Plant Variety	Narrative	Spec.
Shrub (continued)		
GREVILLEA BRONZE RAMBLER	Vigorous ground cover with beautiful bronze coloured foliage. Attractive wine-red toothbrush flowers in spring. Well-drained site. Protect from heavy frosts.	Evergreen. 0.3mx2.0m
GREVILLEA CHERRY RIPE	Compact shrub with soft grey green foliage .Masses of bunched waxy cherry red flowers in summer.Prefers a well drained sunny position.Tolerates moderate frost.	Evergreen Ht 40 X 50cm
GREVILLEA FIREWORKS	Compact shrub with blue-green foliage. Bright red and yellow flowers from Autumn through to Spring. Prefers sunny well drained position. PVR	Evergreen Ht. 1m
GREVILLEA GAUDIS GHOST	A ground cover with variegated leaves. New growth has a pink tinge, which turns white. Red Toothbrush-like flowers in late winter .Ideal for full sun and well drained soil. Protect from heavy frosts.	Evergreen Groundcover
GREVILLEA IGNITE	An outstanding plant with strikingly large clusters of red and yellow flowers on a small robust shrub. Flowers from Autumn to Spring. Ideal for containers. Prefers full sun and well drained soil. PVR	Evergreen Ht. 75cm
GREVILLEA KNOCKOUT	A small hardy shrub with an outstanding display of red/yellow flowers from Autumn to winter. A nice compact shrub as wide as it is tall.Once established this plant is frost hardy and drought tolerant. PVR	Evergreen Ht. 1m
GREVILLEA LADY O	A medium sized spreading shrub bearing a host of bright red flowers for a long period of time. Ideal for attracting birds to your garden. PVR	Evergreen Ht. 1.5 x 1.5m
GREVILLEA LANIGERA DRUMMER BOY	Compact ground cover bush which smothers itself in little red drumsticks in winter and spring. These open to spidery red flowers with cream centre .Hardy to cold and coastal conditions.	Evergreen. Ht 50cm X 1m
GREVILLEA LANIGERA MT TAMBORITHA	Masses of flowers in red, pink cream almost all year. Prostrate habit with attractive narrow pointed green leaves. A very hardy, excellent cascading groundcover.	Evergreen Ht 30cm x 1m
GREVILLEA PINK MIDGET	Hardy compact shrub with green-bronze foliage. Masses of delicate spider pink flowers over long period. Requires full sun and good drainage. Protect from heavy frost. Prune lightly after flowering.	Evergreen Ht 30cm X 60cm

LEUCADENDRON JULIE	Dainty bright yellow flowers with a pink tinge in late winter. Clip to keep bushy in Spring. Prefers a sunny, well drained site tolerates coastal conditions.	Evergreen. Ht 1m
LEUCADENDRON LAUREOLUM REWA GOLD	Bright mid-green leaves with a distinctive dark red apex. Happy in a variety of soils, prefers an open sunny situation. Popular for floral artists for the long straight stems.	Evregreen Ht 2 - 2.5m
LEUCADENDRON LAUREOLUM.	Brilliant yellow bracts in late winter and early spring. Prefers well drained soil in open sunny position. Avoid fertilisers. Protect from heavy frosts.	Evergreen Ht 2m W 1.5
LEUCADENDRON LOVING MEMORY	Magnificent hybrid from same parentage as Safari Sunset.Exceptionally bushy growth with long slender stems and brilliant flaming red bracts throughout the year.Prefers open sunny situation.Tolerates coastal conditions and medium frost	Evergreen Ht 2m x 2m
LEUCADENDRON PLUM SUPREME	A compact plant with purple/red foliage in late summer into autumn. Prefers a sunny position in well drained soil. Protect from heavy frosts.	Evergreen Ht. 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
LEUCADENDRON SAFARI SUNSET	Glowing wine red bracts that turn pinkish cream in spring. Ideal for banks, borders and rockeries. Well drained soil in sunny situation. Frost hardy, although protect when young.	Evergreen. Ht 2m x 2m
LEUCADENDRON STARBURST	A medium sized bush with green bracts which open to cream star-like flowers. Prefers a sunny position with well drained soil . Protect from heavy frosts.	Evergreen Ht.1m
LEUCADENDRON VALENTINA	(Hybrid from safari Sunset seed) Erect habit producing long stems of deep red flower heads in late summer through to winter.Prefers open sunny position and well drained soil. Good cut flower.Protect from heavy frost. PVR	Evergreen Ht 1.5m
LEUCADENDRON WATER LILY	Broad, creamy-white bracts on long stems ideal for picking. Attractive, rich green foliage. Dense compact bush. Suits sunny, well-drained site. No fertilisers or manure.	Evergreen. Ht 2m
LEUCOSPERMUM CROWN ORANGE	Clusters of flaming orange-red pincushion flowers in mid spring. Prefers sunny position in free draining acidic soil . Avoid fertilisers. Prune lightly after flowering. Tolerant of coastal conditions, protect from heavy frost	Evergreen 1.2x1M
LEUCOSPERMUM LANII	Erect semi spreading shrub with attractive orange-red pincushion flowers in mid spring. Prefers open sunny position and light free draing soil. Good coastal plant. Protect from frost.	Evergreen Ht 1.5m x 1.5m
LEUCOSPERMUM MARY LOU	A hybrid with lovely stems of terminal off yellow flowers in late Spring. Neat growth habit. Prefers sunny well drained position. Protect from Heavy frost.	Evergreen Ht. 1.5m
LEUCOSPERMUM SCARLET RIBBON	Deep salmon pink with scarlet perianth ribbons. The unopened florets have blue-grey down covering. Vigorous, upright habit.	Evergreen. Ht 1.5m
LEUCOSPERMUM HENNY'S TORCH	A striking hybrid with terminal flowers of golden colour with slight orange tone. Prefers open sunny position in moist but free draining acidic soils. Protect from heavy frost.	Evergreen Ht. 2m
LIFESTYLE PLANTS ASSORTED	Mix and match native and exotic shelter grade plants \$5.90 each, 4 for \$22 or 20 for \$90	
LIGUSTRUM JAPONICUM ROTUNDIFOLIUM	A slow growing, rigid, compact shrub with round, leathery, black-green leaves. It has large panicles of white flowers in late summer. Very hardy.	Evergreen. Ht 1.5m
LOMANDRA ARCTIC FROST	Soft green narrow grey-green foliage with contrasting white edges. Heat and drought tolerant. Great in gardens and as mass planting or pots in full sun or part shade	Evergreen 60x60cm
LOMANDRA LIME TUFF	A compact selection. Lime green leaves that stay lush all year round. In summer fragrant small yellow flower spikes emerge. Extremely hardy and tolerates frost and dry	Evergreen Ht.40cm X 40cm
LOMANDRA LONGIFOLIA TANIKA	Deep green, rush-like foliage with clusters of yellow flowers in early spring. Very versatile, growing in sun or shade, well drained or moist positions. Hardy to wind and cold.	Evergreen Ht. 60cm x 60cm
LONICERA NITIDA	(Box Honeysuckle) Densely branched shrub with small neat dark-green leaves. Ideal hedging plant to grow rapidly in most situations. Plant 40cm apart when hedging.	Evergreen. Ht 3m
LOROPETALUM CHINENSIS FIRE DANCE	Attractive shrub with deep red foliage and flowers.Plant in well drained soil in part shade.Protect from frost.Give light trim after flowering.	Evergreen Ht 2m x 1.5m
LOROPETALUM CHINENSIS ICE BERRY	Arching branches with dark green leaves emerging bronze. Cream-white flowers in spring. Prefers semi shade and well drained soil.	Evergreen Ht. 1.5m
LOROPETALUM CHINENSIS PLUM DELIGHT	One of the darker purple foliage of any Lorepetalum with a pretty weeping habit. Masses of cerise flowers through Summer and Autumn. Prefers full sun and well-drained soil. Suitable for shaping. Protect from heavy frost.	Evergreen ht. 1m
LUCULIA GRATISSIMA 'FRAGRANT CLOUD'	An evergreen, free-growing shrub producing sweetly fragrant, almond pink flowers in winter. Plant in a sunny, well drained position. Frost tender. Prune after flowering to maintain shape.	2.5m x 2m semi-Evergreen.
LUMA APICULATA	A lovely small tree with cinnamon coloured bark. Attractive white flowers through summer and autumn. The red and black berries are edible and sweet.	Evergreen. Ht 4m

Plant Variety	Narrative	Spec.
Shrub (continued)		
LUMA APICULATA GLANLEAM GOLD	Evergreen shrub with cinnamon coloured bark which peels off exposing a cream-coloured inner surface. Dark green leaves margined with creamy yellow, pink tinged when young. White flowers in summer to Autumn, followed by red and black fruits. Hardy, but avoid very dry sites	Evergreen 2m H x 1mW
MICHELIA FAIRY MAGNOLIA WHITE	(Mark Jury Hybrid) Beautiful, lightly fragrant flowers creamy white. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3m X 2m
MICHELIA FIGO	(Port wine Magnolia) Creamy yellow and purple flowers like small magnolias with strong fragrance. Deep green lustrous foliage on dense, bushy shrub. Protect from strong winds and heavy frost.	Evergreen. Ht 2.5m
MICHELIA HONEY VELVET	(Magnolia laevifolia syn. Michelia yunnanensis) A Jury selection with large flower which is honey cream rather than creamy white. Prefers sun or part shade- acidic well drained soils.	Evergreen Ht. 4m
MICHELIA INSPIRATION	Large bushy shrub or small tree with dense habit. Cream/white perfumed flowers in spring. Requires well drained soil in each full sun or partial shade. Ideal for a container.	Evergreen 4m x 2m
MICHELIA LEMON FRAGRANT	Michelia cross which produces a mass of creamy white, lemon scented blooms over long period. Forms an attractive, smaller tree ideal for all gardens. Protect from strong wind and heavy frost. PVR applied for.	Evergreen Ht 4m X 3m
MICHELIA MAGNOLIA FAIRY BLUSH	(Mark Jury Hybrid) Beautiful lightly fragrant flowers blushed lilac pink. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3 x 2 m
MICHELIA MAGNOLIA FAIRY CREAM	Mark Jury hybrid with beautiful creamy-white, fragrant flowers in spring. Upright, compact and bushy. Prefers well drained soil and sun or part shade. Suitable as specimen shrub, hedge or in large container.	Evergreen Ht 3m X 2m
MICHELIA MIXED UP MISS PLAIT 1.1M STANDARD	A smaller growing hybrid michelia, with perfumed oval flowers at each leaf axle. Floriferous white with violet edges. Strongly scented.	Evergreen 3M
MICHELIA PATON PINK	This Michelia form a smaller tree, ideal for all sized garden. It has rich green foliage and light pink flowers with a darker pink edge. Prefers well drained soil in full sun or part shade	Evergreen 3.5mH x 2mH
MICHELIA X PRINCESS CINDERELLA	A new hybrid shrub form that flowers in Spring and again in Autumn. The flowers are creamy white with a light fragrance.. Makes a good hedge. Prefers full sun or part shade in well drained soil. PVR.	Evergreen Ht 3m x 2m
NANDINA DOMESTICA FIREPOWER	Selected form of Dwarf Chinese Bamboo forming a compact, rounded shrub with fresh lime-green leaves in summer, turning vivid hot-pink and deep wine red in autumn and winter.	Evergreen. Ht 60cm x W 60cm
NANDINA DOMESTICA GULF STREAM	(Dwarf Chinese Bamboo) Dwarf selection with blue-green summer foliage which turns bright red in autumn to winter. Plant in full sun to semi shade and tolerates wet or dry soil conditions. Very hardy.	Evergreen. Ht 75cm X 60cm
NANDINA DOMESTICA LEMON LIME	Compact selection with lush lime green foliage year round. New leaves lemon, turning lime green with age. Great for borders, pots or small gardens. Prefers moist, well drained soil and sun to part shade. Very hardy.	Evergreen Ht. 60cm
NANDINA DOMESTICA PYGMAEA	(Dwarf Chinese Bamboo) Compact, rounded, densely foliated bush with attractive green/purple/crimson/orange leaves. Very hardy. Prefers full sun. Requires little maintenance.	Evergreen. Ht 30cm
NANDINA DOMESTICA RICHMOND	"Sacred Bamboo" Attractive foliage tinged red in spring and autumn. Large erect spires of stunning bright orange berries. Great performer for winter colour.	Evergreen. Ht 1.8m
NERIUM RUBY LACE	A bushy shrub with masses of ruby red single flowers in profusion from late Spring and throughout Summer. Stands dry conditions. Trim after flowering. Sunny position. Hardy.	Evergreen. Ht. 2m.
OPHIPOGON JAPANICUS NANUS	(Dwarf Green Mondo Grass) Deep water marginal plant. Grown as edging/groundcover plant with white-lilac flowers and blue berries. Or can be submerged in pond as non-flowering aquatic plant. Plant 0-30cm deep. Very hardy	Evergreen Ht 5cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
OPHIOGON PLANISCAPUS NIGRESCENS	Black Mondo Grass Very unusual black foliage, white flowers and dark blue berries, excellent rockery plant. Hardy, dwarf and bushy.	Evergreen. Ht 20cm
OSMANTHUS DELAVAYI	Very beautiful small leaved shrub. Fragrant white flowers in spring. Prefer partial shade, slightly acid soil and well drained soil. Very hardy.	Evergreen Ht 1.5m.
OSMANTHUS X BURKWOODII	Very hardy shrub of compact growth. Sweetly scented white flowers produced in April - May. Tolerates some drought and shade.	Evergreen Ht 1.5m.
OSMANTHUS X FORTUNEI	An upright, dense, evergreen shrub with deep green, holly-like leaves. The flowers are highly fragrant and are produced over a long period in autumn. Prefers a sunny site.	Evergreen Ht. 2m
PACHYSANDRA TERMINALIS	Hardy ground cover. Flowers greenish-white in late winter and spring. Prefers moist, lime-free soil. Shade to part shade.	Evergreen. W
PACHYSANDRA TERMINALIS GREEN SHEEN	Improved selection with glossy foliage and improved heat tolerance, but suitable for dry shade. A versatile ground cover! Very hardy.	Evergreen ht 30cm x 1m wide
PHEBALIUM GOLD NUGGET	Compact rounded shrub. Stunning display of golden flowers in Spring. Well drained soil in full sun. Trim lightly after flowering.	Evergreen. Ht.1.5x1.5m
PHOTINIA RED BLAZE	A new selection of red robin with bright red new growth and a tidy upright habit. Fast growing, ideal for hedging and screening.	Evergreen Ht. 2.5m
PHOTINIA REDDER RED ROBIN	a red selection of red robin with narrow leave with bright red new growth. Ideal for hedges and screening. Prefers sun or part shade with well drained soils.	Evergreen Ht. 2.5m
PHOTINIA X FRASERI RED ROBIN	A broad leaved evergreen with fiery red new growth which may be induced by pruning at any time. Excellent hedging plant. Very hardy.	Evergreen. Ht 2.5m
PHYGELIUS AEQUALIS YELLOW TRUMPET	Tubular yellow flowers during summer and autumn. Full sun well drained soi. Fast growing.	Ht 1.5 m Evergreen.
PHYLICA PUBESCENS	(Flannel bush) Small erect shrub with downy shoots. Yellowish-green feathery plumes are produced at the tip of each branch during winter. Good for picking. Protect from heavy frost.	Evergreen. Ht 1.5m
PIERIS FOREST FLAME	White Lily of the valley panicles of flowers in spring. Brilliant flame red young growth. Compact tidy habit. Requires acid soil conditions and semi-shade. Mulch well.	Evergreen. Ht 2m
PIERIS FORMOSA FORRESTII WAKEHURST	Magnificent flowering shrub with vivid red new foliage which contrasts beautifully with the glistening white flowers. Prefers acidic soil and some shade.	Evergreen Ht 2.5m
PIERIS JAPONICA CHRISTMAS CHEER	Glossy green leaves, shining copper young growth. Masses of waxy bell shape flowers flushed with deep rose at the tips giving a bicolour effect. Prefers semi shade and acidic soils. Hardy.	Evergreen. Ht 2m
PIERIS JAPONICA FLAMING SILVER	Mature dark green leaves crisply margined silvery white. New growth shoots brilliant flame red. Drooping racemes of white lily of the valley blooms. Compact habit.	Evergreen. Ht 1.2m
PIERIS JAPONICA MOUNTAIN FIRE	Bright red new growth in the summer, with cascades of white flowers in spring, makes this a lovely plant. Prefers some shade and acidic soils. Hardy	Evergreen. Ht 1.2m
PIERIS JAPONICA PINK DELIGHT	Very showy pink lily-of-the-valley flowers in early spring. Pink new growth. Prefers acid soil conditions .Mulch well. Hardy.	Evergreen. Ht1.5m
PIERIS JAPONICA PURITY	Large trusses of snow white bell shaped flowers. Ideal woodland plant. Prefers full sun or part shade with rich well drained soils.	Evergreen. Ht 1m
PIERIS JAPONICA SHOJO	Excellent Japanese form. Red buds open to lovely pink bell-like blooms held in lax heads on branch tips. Rich green glossy foliage and compact tidy habit.	Evergreen. Ht 1m
PIERIS RYUKYENSIS TEMPLE BELLS	This has the biggest white flowers of all the Pieris in spring.. Erect rounded shrub with tiered horizontal branches and new growth bronzy red. Prefers dappled light and acidic soil.	Evergreen Ht 1.5 m
PIERIS SCARLET O'HARA	fresh green leaves with red young growth. White lily of the valley flowers in panicles. Prefers acid soil conditions and some shade from hot sun. Hardy.	Evergreen. Ht 1.5m
PIERIS YAKUSHIMENSIS SARABANDA	Very free flowering compact shrub with White flowers. Prefers some or full shade and acidic soils. Hardy	Evergreen Ht. 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
POLYGALA DALMAISIANA DAZZLER	Compact growing sweet-pea bush with rich mauve purple flowers. Tolerates dry conditions in sun or part-shade. Clip in spring to encourage new growth. Good in containers.	Evergreen. Ht 1.5m
POLYGALA LITTLE BIBI	Polygala 'Little Bibi' holds a wonderful round ball shape. Ideal landscape plant low fuss. Heat and frost tolerant. Prefers full sun position and free drained soil.	Evergreen 100cm x 100cm
POLYGALA PETITE BUTTERFLY	Sweet Pea Shrub. Compact form with rounded habit and grey-green foliage. Free flowering with purple butterfly pea-like flowers from autumn to spring. Full sun to part shade. Protect from heavy frost.	Evergreen Ht 1m
PROSTANTHERA BALLERINA	Ideal shrub in dry position with purple tinted white flowers during early summer. Protect from heavy frost.	Evergreen. Ht 1.5m
PROSTANTHERA OVALIFOLIA	(Oval Leaf Australian Mint Bush) Soft lilac-mauve flowers smother the bush in spring. Prune after flowering. Prefers free draining soil and full sun. Protect from strong wind. Hardy.	Ht 2m Evergreen.
PROTEA CORONATA	Apple Green Protea. Upright shrub with terminal green flowers with a white tuft on the tip. Good for picking. Prefers well drained sunny site. Prune after flowering.	Evergreen. Ht 2m
PROTEA CYNAROIDES	(KING PROTEA) Large wide-open pink flowers produced from autumn to spring. Distinctive foliage on a rather open plant. Requires full sun and well-drained acid soil. Protect from heavy frost.	Evergreen. Ht 1.5m
PROTEA CYNAROIDES TSITSIKAMA	A select King Protea. Sledner pink flower heads on long stems from Autumn to Summer. Prefers a sunny position with well drained soil. Cut back after flowering. Protect from heavy frosts.	Evergreen Ht.
PROTEA LEPIDOCARPODENDRON GREEN	An erect, bushy shrub. Pink flowers mature to green with a prominent black beard. Well draining, sunny position. Drought-tolerant once established. Prune late spring to encourage flowers the following year. Protect from frost	Evergreen 3M
PROTEA MAGNIFICA	(Queen Protea) One of the most spectacular with large soft to deep pink flowers, mostly in summer. Requires full sun and good drainage. Prune after flowering. Protect from heavy frost.	Evergreen. Ht 1.8m
PROTEA MAGNIFICA FIERY SUNSET	Large deep red flowers produced freely from late summer to spring. Prefers full sun and free draining soil. Prune after flowering.	Evergreen. Ht 1.5m
PROTEA NERIIFOLIA ALBA	Upright, rounded shrub with medium sized yellow-cream flowers through autumn to spring. Excellent picking flowers. Adaptable to most well drained, sunny sites. Prune to shape. Protect from heavy frost.	Evergreen. Ht 2m
PROTEA NERIIFOLIA RUBY	A beautiful protea with ruby flowers with black silky tips. No manure or lime. Prefers have full sun and well-drained site. Long lasting cut flowers. Protect from heavy frost.	Evergreen. Ht 1 - 2m
PROTEA NERIIFOLIA SNOWCREST	Silky coloured flowers with a heavy white beard. Tidy growth habit. It should be pruned to shape in spring. Prefers sunny, well drained soils. Protect from heavy frosts.	Evergreen Ht 2m
PROTEA NEW MOON	Creamy white flowers over grey green foliage. Likes a sunny free draining site. Prune after flowering. Coastal tolerant. Protect from heavy frosts	Evergreen 1.5m
PROTEA PASSION	(Eximea Hybrid) Compact bushy plant which produces soft pink flowers from autumn to spring. Grows well in most well drained acidic soil in full sun. Prune after flowering. Protect from heavy frost. Good cutflower.	Evergreen Ht 1.5m X 1.5m
PROTEA PINK ICE	Vigorous, tidy shrub with rich pink-red flowers with silvery sheen produced all year round. Hardy. Plant in full sun. No fertilisers.	Evergreen. Ht 1.5m
PROTEA REPENS	(Honey Protea) An upright shrub producing red flower heads from late summer to winter which exude nectar making the flower sticky. Prefers full sun and well drained soil. Prune to shape after flowering.	Evergreen Ht 3m x 2m
PROTEA TASMAN RUBY	A hybrid Protea with deep red bracts, with slightly silvery edges. A prolific bloomer from an early age. Prefers full sun in a free-draining soil. Protect from heavy frost when young.	Evergreen. Ht. 1.5m
PROTEA VENUS	(Protea repens x aristata) Striking deep red flowers in late winter-summer on stems suitable for picking. Robust and vigorous plant. Prune after flowering. Requires full sun and free draining soil.	Evergreen. Ht 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
PRUNUS LUSITANICUS	(Portuguese Laurel) Large shrub with long racemes of small white hawthorn-scented flower in December, followed by small dark purple fruits. Very hardy.Suitable as hedge or screening plant.	Evergreen Ht 4m .
PRUNUS LUSITANICUS MYRTIFOLIA	(Fine Leaf Portuguese Laurel) Compact form with finer, deep green leaves. Very hardy.Suitable as garden plant and can be trimmed as small hedge or topiary.	Evergreen Ht 1.5
PYRACANTHA BRILLIANT	This very hardy large shrub has shining green leaves. Displays masses of scarlet berries in late autumn. Can be used as shrub or espaliered on wall.	Evergreen. Ht 2m
PYRACANTHA ORANGE GLOW	Extremely hardy shrub with masses of white flowers in summer are followed by orange berries in winter.	Evergreen Ht 2x1m
RETAMA MONOSPERMA	(syn. Genista) Very fragrant weeping shrub with long racemes of tiny, white fragrant flowers, with a purple calyx massed along the stem in spring and summer. Best in a sunny well drained site, protect from wind and heavy frost	Evergreen 3x2M
RHAPHIOLEPIS ORIENTAL PEARL	A nice ompact, low/slow growing evergreen shrub with an abundance of white flowers in spring. Prefers full sun and well drained position. Hardy.	Evergreen Ht. 1.5m
ROSMARINUS LAVANDULACEUS	Beautiful scented prostrate shrub forming a mat with clusters of blue flowers. Ideal for banks and walls in a sunny spot. Very hardy.	Ground cover Width 2.5m
ROSMARINUS OFFICINALIS	(Upright Rosemary) Dense shrub. Greyish-green leaves, blue flowers produced in clusters along branches in October - November.	Evergreen. Ht 2m
ROSMARINUS OFFICINALIS MAJORCA PINK	(Pink Rosemary)Hardy upright growing shrub with small narrow aromatic leaves. Pink clusters of flowers from Spring to Autumn. Prefers full sun and well drained soil.	Evergreen Ht. 1m
ROSMARINUS OFFICINALIS TUSCAN BLUE	A small shrub with bright blue flowers and fragrant leaves. This herb is used in cooking potpourri etc. Upright habit.	Evergreen. Ht 1m
SARCOCOCCA ORIENTALIS	(Sweet Box) Dense shrub with dark green leaves . Produces small cream , fragrant flowers in winter followed by black berries. Hardy in most soils and requires part or full shade. Suitable for dry , shady areas once established.	Evergreen Ht 70cm X 70cm
SARCOCOCCA RUSCIFOLIA	(Christmas Box)Masses of large crimson berries stand out against glossy green foliage. Makes an excellent tub plant or shrub for shady areas. Very hardy.	Evergreen. Ht 1m
SKIMMIA JAPONICA	Compact shrub with fragrant white flowers in Spring. Large dark green leaves. Ideal for Full or part shade moist but well drained acidic soils.	Evergreen. Ht 1.5m
SKIMMIA JAPONICA FEMALE	Compact shrub with fragrant white flowers in spring followed by bright red berries on female plants. Good for shade and coastal conditions. Needs male for berries.	Evergreen. Ht 1.5m
SKIMMIA JAPONICA MALE	Compact shrub with fragrant white flowers in spring. Good for shade and coastal conditions. Used to pollinate female plant which produces real berries.	Evergreen Ht 1.5m
SKIMMIA JAPONICA ROGERSII (Female)	Dense compact female skimmia with fragrant white flowers followed by large red fruits. Very adaptable plant tolerant of shade and most soils. Ideal for seaside or industrial gardens.	Ht 1.5m Evergreen.
TELOPEA RED EMBERS	A newly released warratah with red flowers ideal for cutting in early summer. Prefers full sun or partial shade in well-drained soils. Trim back after flowering.	Evergreen. Ht 3m
TEUCRIUM FRUTICANS	(Germanda) A low spreading shrub with grey green leaves producing rosemary like flowers in summer and autumn. The grey branches are popular for decorative work. Wind hardy.	Evergreen. 2.5m
TEUCRIUM FRUTICANS SILVER BOX	Ornamental silver foliage and compact habit. Sky blue flowers from Autumn to Spring. Hardy and dry tolerant. Suitable for hedging and pots.	Perennial Ht.1m
THRYPTOMENE SAXICOLA WHITE	A low spreading shrub produces masses of white flowers winter/spring on long arching branches. Suitable for picking. Cut back after flowering. Prefers well drained soil in full sun	Evergreen Ht 1m x 1.5m
TIBOUCHINA ORGANENSIS GRANDIFLORA	(LASIANDRA) Rounded bush with velvet green leaves and stunning large cup-shaped royal purple flowers from autumn into winter. Needs sunny, sheltered spot. Protect from heavy frost	Evergreen. Ht 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
VIBURNUM DAVIDII	Compact shrub of low, wide-spreading habit with large dark green leathery leaves. Produces large clusters of white flowers in spring. Need to have plants of both sexes for the bright blue berries. Plant several if seedling grown. Very hardy.	Evergreen Ht 70cm
VIBURNUM DAVIDII FEMALE	Neat compact rounded dwarf shrub with oval dark green leaves. Small heads of white flowers, followed by heads of vivid electric -blue berries. Needs pollination by the male form to produce berries.	Evergreen. Ht 1m.
VIBURNUM DAVIDII MALE	A low growing compact shrub with bold leathery deep green glossy foliage. Excellent landscape shrub. Pollinator for female form.	Evergreen. Ht 1m.
VIBURNUM JAPONICUM	Lustrous green foliage on a hardy compact shrub, bearing clusters of white, lightly scented flowers which ripen into small blue berries on female plants. Hardy	Evergreen Ht 2m
VIBURNUM ODORATISSIMUM DENSE FENCE	A viburnum that quickly forms a dense screening hedge of bright green leaves and white scented flowers in Spring. Prefers sun/part shade.	Evergreen Ht 2m x W 2m
VIBURNUM PROPINQUUM	A compact shrub with white flowers in late Spring and blueish.black berries in Autumn. Deep green leaves take on burgundy tones in Winter. Great for hedging. Full sun or part shade in well drained soi. Hardy.	Evergreen Ht 1.5-2.5m
VIBURNUM RHYTIDOPHYLLUM	(Leather Leaf Viburnum) Hardy shrub with large leathery leaves. Large clusters of creamy white flowers in late spring sometimes followed by small black berries. Sun or semi-shade.	Evergreen. Ht 2m
VIBURNUM TINUS	Extremely popular evergreen large dense shrub with shiny green leaves. Branches of fragrant white and pink budded flowers in winter. Excellent in exposed windy conditions.	Evergreen. Ht 2-3m
VIBURNUM TINUS EMERALD BEAUTY	A superior selection, compact and bushy with dark green foliage. New growth tinged red. Carmine buds open to flattish clusters of pink-tinged flowers. Very hardy.	Evergreen. Ht 1.5mx1.3m
VIBURNUM TINUS EVE PRICE	Selected dense compact form with smaller leaves. Very hardy shrub with clusters of white tinged pink flowers in late winter and early spring.	Evergreen. 1.5 X 1.2 m
VIBURNUM TINUS LUCIDUM	Large glossy green leaves with white flowers throughout late autumn and spring. Vigorous, hardy shrub ideal for shelter, screening, or hedging.	Ht 2.5m Evergreen.
WESTRINGIA BREVIFOLIA HIGHLIGHT	Neat, compact shrub with variegated leaves and bluish-mauve flowers throughout spring and summer. Good coastal plant, very hardy. Prefers sun and well-drained soil.	Evergreen Ht 1m
WESTRINGIA FRUITICOSA GREY BOX	Produces masses of small white flowers in spring, great for hedges and containers. Can be pruned or will form a natural ball shape. Tolerates most soil types, drought tolerant once established. Full sun to part shade. PVR	Evergreen 45cmH
YUCCA FILAMENTOSA	(Adam's Needle)Glaucous green strap like leaves with curly silvery white filaments on edge. Cream bell shaped flowers borne on tall stems in summer. Full sun .Drought tolerant when established.	Evergreen. Ht 1.5m
YUCCA FILAMENTOSA VARIEGATA	Creamy white flowers produced in summer are borne in erect glabrous 1-2m conical panicles. Leaves with wide yellow margins and numerous curly white threads on edges. Full sun. Tolerates drought when established.	Ht 1.5m Evergreen.
YUCCA SILVER STAR	Beautiful green and silver variegated leaves makes this a feature in gardens. Plant in a warm, protected postion away from wind and frost. Mulch durin winter. Can be grown indoors.	
Evergreen		
ERICA DARLEYENSIS PINK	Cushion like habit. Deep green foliage. Pink winter flowering. Prefers a sunny, well drained position. Very hardy.	Evergreen 30cmH x 100cm W
ERICA DARLEYENSIS WHITE	Cushion like habit. Deep green foliage. Pure white winter flowering. Prefers a sunny, well drained position. Very hardy.	Evergreen Ht 30cm
Semi- Evergreen		
CANTUA BUXIFOLIA	Syn. Cantua dependens. Beautiful shrub with graceful drooping bright cherry-red tubular flowers in October. Requires warm sheltered position. Occasional pruning to keep good shape.	Ht 1.5m Evergreen.

Plant Variety	Narrative	Spec.
Shrub (continued)		
CEANOTHUS MARIE SIMON	Hardy shrub with attractive pink flowers in panicles in summer. Small leaves and distinctive red-brown stems.	Semi-Deciduous Ht 1.5m
LIGUSTRUM OVALIFOLIUM AUREUM	GOLDEN PRIVET A brightly coloured shrub with rich yellow green-centred leaves. Very Hardy but can lose leaves in a very cold winter.	Evergreen Ht 3m or trim.
SOLANUM RANTONNETII	(Syn.S Azureum) A fast growing shrub with long pointed leaves and snowy violet flowers with yellow centre in profusion over a long period. Prefers sun or part shade.	Semi-deciduous Ht. to 2m
succulent		
AEONIUM ARBOREUM	Erect stems to 1m high with dense rosettes 20cm in diameter. Leaves are dark green. Yellow flowers.	Succulent.1M
ALOE POLYPHYLLA	A unique succulent with dozens of overlapping leaves creating a spiral effect. Prefers full sun and well drained position. Protect from frost.	Evergreen Ht. 80cm
ALOE VERA	Mediicinal Aloe. Clumping rosettes of fleshy green leaves, spotted when young and toothed on the margins. Yellow flowers. Full/partial sun and good drainage. Protect from frost	Evergreen Ht. 50cm
BESCHORNERIA YUCCOIDES	(Mexican Lily) Clump forming succulent with grey-green lance shaped leaves. Produces pink and green tubular flowers on pink fleshy stem in summer. Will grow in arid to subtropical conditions. Needs protection from frost.	Succulent
